Description of fiscal impact

SB 468 establishes a statewide central registry for substantiated or founded reports of child abuse or neglect. The bill requires the Department of Public Health and Human Services (DPHHS) to attend hearings before the district court prior to adding an individual to the statewide central registry for substantiated or founded reports of child abuse or neglect. The bill also creates new hearings in district court and is expected to have a minor impact on judicial workload and resources. Amendments to SB 468 remove some language regarding the status of a substantiated determination of child abuse or neglect, however, the definition of "substantiated" in Section 1(2) still requires a district court hearing.

FISCAL ANALYSIS

Assumptions

Department of Public Health and Human Services (DPHHS/department)

1. Section 1 of SB 468 establishes a statewide central registry to maintain information on individuals who are the subject of substantiated determinations of child abuse or neglect. The CAPS and MFSIS systems currently in use are considered the department's central registry, eliminating the need for the development of a new system.
2. SB 468 Section 1 (2) includes a definition for substantiation that requires the department attend a hearing for adjudication before the district court prior to adding an individual to the central registry of child abuse and neglect investigations. DPHHS assumes that an adjudication hearing would be held in conjunction with a show cause hearing in a dependent neglect case. In FY 2024 there were 1,520 substantiated or founded

reports of neglect or abuse. Of those, 537 resulted in legal proceedings which would be required to include a show cause hearing. The remaining 983 substantiated or founded reports would also require a hearing prior to being added to the central registry. (1,520 substantiated or founded reports - 537 requiring legal action = 983 remaining reports requiring a hearing).

3. Hearings for the remaining 983 substantiated or founded reports with no other legal action would be additional workload with short timeframes for that which is already currently required by federal regulation or state law under.
4. It is estimated to take one hour to write the hearing report, and three hours for the hearing of child protection (CPS) staff time. These substantiated report hearings would occur at an average of \$70.31 per overtime hour cost of CPS staff. FY 2026 and FY 2027 overtime costs would be \$276,459 (983 additional reports requiring a hearing x four hours per report = 3,932 additional hours x \$70.31 average hourly cost = \$276,459). With an annual increase of 1.5% per year, overtime hour costs would be, in FY 2028 \$280,606 ($1.015 \times \$276,459 = \$280,606$), in FY 2029 \$284,815 ($1.015 \times \$280,606 = \$284,815$).
5. CFSD administrative expenditures are federally allowable expenditures under Title IV-E of the Social Securities Act at a federal participation rate of 30%, the remaining 70% of expenditures are funded with state general funds.

Judiciary

6. SB 468 Section 1 (2) includes a definition for substantiation that requires a hearing for adjudication before the district court prior to adding an individual to the central registry of child abuse and neglect investigations. The new hearings created by this bill will push out other cases already on the docket, which could ultimately create backlog. Additionally, the cumulative impact of such legislation may over time require additional judicial resources as generally court dockets are full throughout the state.

Fiscal Analysis Table

	<u>FY 2026</u> <u>Difference</u>	<u>FY 2027</u> <u>Difference</u>	<u>FY 2028</u> <u>Difference</u>	<u>FY 2029</u> <u>Difference</u>
<u>Fiscal Impact</u>				
<u>Expenditures</u>				
Personal Services	\$276,459	\$276,459	\$280,606	\$284,815
