Description of fiscal impact

HB 808 codifies and clarifies the implementation of the federal brownfields program by the Department of Environmental Quality (DEQ) and creates a state brownfields program. It provides DEQ authority to develop rules describing the implementation of the state brownfields program. Since there is currently no federal funding available, there is no fiscal impact.

FISCAL ANALYSIS

Assumptions

Department of Environmental Quality

1. The Department of Environmental Quality (DEQ) can draft and adopt rules for the state brownfields program created by HB 808 with existing FTE.
2. Implementation of the federal brownfields program is funded with federal brownfields grants.
3. As there is currently no funding allocated to the state brownfields program, DEQ does not require resources to implement it.
