Description of fiscal impact

House Bill 123 clarifies that the term "self-service" does not include when an employee serves customers large containers of beer or wine (e.g., buckets, pitchers, bottles) or electronic devices that dispense predetermined volumes of beer or wine so long as it is monitored to prevent overservice. Electronic devices for dispensing beer and wine would be subject to approval by the Department of Revenue. This clarified definition would have no impact on the general fund.

FISCAL ANALYSIS

Assumptions

HB 123 is not expected to change or increase or decrease the sale and consumption of alcohol, and therefore there is no fiscal impact anticipated.
