12 (a) it bears or contains a poisonous or deleterious substance that may render it injurious to health,
13 except that if the substance is not an added substance, the product may not be considered adulterated if the
14 quantity of the substance is insufficient to ordinarily render it injurious to health;

15 (b) it bears or contains, by reason of administration of any substance to the meat, an added
16 poisonous or added deleterious substance other than a color additive, a food additive, or a pesticide chemical
17 in or on a raw agricultural commodity, any of which may in the board's judgment make the meat unfit for human
18 food;

19 (c) it is in whole or in part a raw agricultural commodity and bears or contains a pesticide chemical
20 that is unsafe as provided in the Federal Food, Drug and Cosmetic Act;

21 (d) it bears or contains a food additive that is unsafe as provided in the Federal Food, Drug and

(k) any valuable constituent has been in whole or in part omitted or abstracted from the meat, any substance has been substituted wholly or in part for meat, damage or inferiority has been concealed in any manner, or any substance has been added to it or mixed or packed with it so as to increase its bulk or weight or make it appear better or of greater value than it is.
