

HOUSE BILL NO. 5

INTRODUCED BY J. FITZPATRICK

BY REQUEST OF THE OFFICE OF BUDGET AND PROGRAM PLANNING

A BILL FOR AN ACT ENTITLED: "AN ACT APPROPRIATING MONEY FOR MAJOR REPAIR AND CAPITAL DEVELOPMENT PROJECTS FOR THE BIENNIUM ENDING JUNE 30, 2027; PROVIDING FOR OTHER MATTERS RELATING TO THE APPROPRIATIONS; PROVIDING FOR A TRANSFER OF FUNDS FROM THE GENERAL FUND TO THE CAPITAL DEVELOPMENTS LONG-RANGE BUILDING PROGRAM ACCOUNT; PROVIDING FOR A MODIFICATION TO THE LONG-RANGE BUILDING PROGRAM; INCREASING CERTAIN VALUE THRESHOLDS FROM \$150,000 TO \$300,000; AMENDING SECTIONS 17-7-201, 17-7-202, 17-7-210, AND 17-7-223, MCA; AMENDING SECTION 14(1), CHAPTER 762, LAWS OF 2023, AND SECTION 3, CHAPTER 763, LAWS OF 2023; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

NEW SECTION. Section 1. Definitions. For the purposes of [sections 1 through 10], unless otherwise stated, the following definitions apply:

(1) "Authority only" means approval provided by the legislature to expend money that does not require an appropriation, including grants, donations, auxiliary funds, proprietary funds, nonstate funds, and university funds.

(2) "Capital development" has the same meaning as provided in 17-7-201(2).

(3) "Capital project" means the planning, design, renovation, construction, alteration, replacement, furnishing, repair, improvement, site, utility, or land acquisition project provided for in [sections 1 through 10].

(4) "LRBP capital development" means the long-range building program capital developments account in the capital projects fund type provided for in 17-7-209.

(5) "LRBP major repair" means the long-range building program major repair account in the capital projects fund type provided for in 17-7-221.

(6) "Major repair" means capital projects provided for in 17-7-201(7).

Amendment - 1st Reading-white - Requested by: John Fitzpatrick - (H) Appropriations

- 2025

69th Legislature 2025

Drafter: Julie Johnson,

HB0005.001.004

(7) "Other funding sources" means money other than LRBP money, state special revenue, or federal special revenue that accrues to an agency under the provisions of law.

(8) "SBECP" means funds from the state building energy conservation program account in the capital projects fund type which may be utilized on either or both major repair or capital development projects.

NEW SECTION. Section 2. Major repair projects appropriations and authorizations. (1) The following money is appropriated to the department of administration for the indicated major repair projects from the indicated sources. Funds not requiring legislative appropriation are included for the purpose of authorization. The department of administration is authorized to adjust capital project amounts within the legislative intent of the major repair account-funded projects, subject to available revenues, if approved by the office of budget and program planning, and to transfer the appropriations, authority, or both among the necessary fund types for these projects:

26 **NEW SECTION. Section 6. Planning and design.** The department of administration may proceed
27 with the planning and design of capital projects in either or both [sections 2 and 3] prior to the receipt of other
28 funding sources. The department may use interentity loans in accordance with 17-2-107 to pay planning and

design costs incurred before the receipt of other funding sources.

NEW SECTION. Section 7. Capital projects -- contingent funds. (1) If a capital project is financed,

in whole or in part, with appropriations contingent on the receipt of other funding sources, the department of administration may not let the project for bid until a financial plan and agreement with the agency has been approved by the director of the department of administration. A financial plan and agreement may not be approved by the director if:

(a) the level of funding and authorization provided under the financial plan and agreement deviates substantially from the funding level provided in either or both [sections 2 and 3] for that project; or

(b) the scope of the project is substantially altered or revised from the concept and intent for that project as presented to the 69th legislature.

(2) For any capital project financed, in whole or in part, with appropriations contingent on the receipt of other funding sources in this biennium and any prior biennium, the agency, including the university system, for which the capital project is for must submit a report through the department of administration architecture and engineering division to the Joint Appropriations Subcommittee for Long-Range Planning indicating the status of the other sources of funding, how much funding has been received, projections of when the funding is anticipated to be received, or if the project should be canceled. A report must be provided to the subcommittee during every regular session of the legislature until a project begins construction or is canceled by the legislature.

(3) This section does not limit or restrict the application of 17-7-211.

NEW SECTION. Section 8. Review by department of environmental quality. The department of environmental quality shall review capital projects authorized in either or both [sections 2 and 3] for potential inclusion in the state building energy conservation program (SBECP) under Title 90, chapter 4, part 6. When a review shows that a capital project will result in energy or utility savings and improvements, that project must be submitted to the energy conservation program for funding consideration by the SBECP. Funding provided under the energy conservation program guidelines must be used to offset or add to the authorized funding for the project, and the amount will be dependent on the annual utility savings resulting from the capital project.

Agencies must be notified of potential funding after the review and are obligated to utilize the SBECF funding, if available, on the terms and conditions specified by the department.

NEW SECTION. Section 9. Legislative intent. The appropriations authorized in [sections 2 through 5] constitute legislative consent for the capital projects contained in [sections 2 through 5] within the meaning of 17-7-201 and 18-2-102.

NEW SECTION. Section 10. Increase in state funding for program expansion or operations and maintenance. If an immediate or future increase in state funding for program expansion or operations and maintenance is required for a new facility in [section 3] but the increase is not appropriated by the 69th legislature, that new facility in [section 3] is not appropriated or authorized as provided in 17-7-210.

Section 11. Section 17-7-201, MCA, is amended to read:

"17-7-201. Definitions. In this part, the following definitions apply:

(1) (a) "Building" includes a:

(i) building, facility, or structure constructed or purchased wholly or in part with state money;

(ii) building, facility, or structure at a state institution;

(iii) building, facility, or structure owned or to be owned by a state agency, including the department of transportation.

(b) The term does not include a:

(i) building, facility, or structure owned or to be owned by a county, city, town, school district, or special improvement district;

(ii) facility or structure used as a component part of a highway or water conservation project.

(2) "Capital development" means a:

(a) renovation, construction, alteration, site, or utility project with a total cost of \$2.5 million or more;

(b) new facility with a construction cost of \$250,000 or more; or

(c) purchase of real property for which an appropriation is required to fund the purchase.

(3) "Construction" includes construction, repair, alteration, renovation, and equipping and furnishing during construction, repair, or alteration.

(4) "Division" means the architecture and engineering division of the department of administration.

(5) "High-performance building" means a building that integrates and optimizes all major high-performance building attributes, including but not limited to:

(a) energy efficiency;

(b) durability;

(c) life-cycle performance; and

(d) occupant productivity.

(6) (a) "Long-range building program-eligible building" means a building, facility, or structure eligible for major repair account funding that:

(i) is owned or fully operated by a state agency and for which the operation and maintenance are funded with state general fund money; or

(ii) supports academic missions of the university system and for which the operation and maintenance are funded with current unrestricted university funds.

(b) The term does not include a building, facility, or structure:

(i) owned or operated by a state agency and for which the operation and maintenance are entirely funded with state special revenue, federal special revenue, or proprietary funds; or

(ii) that supports nonacademic functions of the university system and for which the operation and maintenance are funded from nonstate and nontuition sources.

(7) (a) "Major repair" means:

(i) a renovation, alteration, replacement, or repair project with a total cost of less than \$2.5 million;

(ii) a site or utility improvement with a total cost of less than \$2.5 million; or

(iii) a new facility with a total construction cost of less than \$250,000.

(b) The term does not include operations and maintenance as defined in this section.

(8) (a) "New facility" means the construction or acquisition of a new building on state property regardless of funding source and includes:

(i) an addition to an existing building; and

(ii) the enclosure of space that was not previously fully enclosed.

(b) The term does not include the replacement of state-owned space that is demolished or that is otherwise removed from state use if the total construction cost of the replacement space is less than \$2.5 million.

(9) "Operations and maintenance" means operational costs and regular, ongoing, and routine repairs and maintenance funded in an agency operating budget that does not extend the capacity, function, or lifespan of a facility.

(10) "Replacement cost of existing long-range building program-eligible building" means the current replacement value of all long-range building program-eligible buildings included in the statewide facility inventory and condition assessment as provided in 17-7-202."

Section 12. Section 17-7-202, MCA, is amended to read:

"17-7-202. Preparation of building programs and submission to department of administration -- statewide facility inventory and condition assessment. (1) Before July 1 of the year preceding a legislative session, each state agency and institution shall submit to the architecture and engineering division of the department of administration, on forms furnished by the division, a proposed long-range building program for major repair projects and capital developments, if any, for the agency or institution along with the agency's or institution's 6-year capital development facilities strategic plan. Excluding major repair projects greater than \$2,500,000, the division may not include a capital development project request in the information provided pursuant to 17-7-202(4) without the project also being included in an agency's or institution's 6-year capital development facilities strategic plan, unless approved by the office of budget and program planning. Each agency and institution shall furnish any additional information requested by the division relating to the utilization of or need for major repair projects and capital developments.

(2) (a) Except as provided in subsection (3), the division shall compile and maintain a statewide facility inventory and condition assessment that:

(i) for each state-owned building:

(A) identifies its location and total square footage;

(B) identifies the agency or agencies using or occupying the building and how much square

footage each agency uses or occupies;

(C) lists the current replacement value of the building in its entirety and each agency's portion of the building; and

(D) identifies whether the building is a long-range building program-eligible building; and

(ii) for each long-range building program-eligible building:

(A) includes a facility condition assessment of the building and an itemized list of the building's deficiencies; and

(B) compares the building's current building deficiency ratio to its deficiency ratio in the previous biennium.

(b) The division may contract with a private vendor to collect, analyze, and compile the building information required in this subsection (2).

(c) The facility inventory and condition assessment must be updated as determined by the division.

(d) The division may incorporate in the statewide facility inventory and condition assessment any facility condition assessment or similar document compiled by an agency.

(e) The division shall provide the statewide facility inventory and condition assessment, including a calculation of the deferred maintenance backlog and overall building deficiency ratio of the long-range building program-eligible buildings, to the office of budget and program planning and the legislative finance committee by September 1 of the year preceding a regular legislative session in an electronic format. The division shall provide a copy of the report to the legislature in accordance with 5-11-210.

(3) The division is not required to include a state-owned building that has a current replacement value of ~~\$150,000~~ \$300,000 or less in the facility inventory and condition assessment.

(4) The division shall examine the information furnished by each agency and institution and shall gather whatever additional information is necessary and conduct whatever surveys are necessary in order to provide a factual basis for determining the need for and the feasibility of major repair projects and capital developments. The information compiled by the division shall be submitted to the governor before October 1 of the year preceding a regular legislative session."

Section 13. Section 17-7-210, MCA, is amended to read:

1 **"17-7-210. Required funding for maintenance of newly authorized state buildings.** (1) If
2 construction or acquisition of a new facility requires an immediate or future increase in state funding for
3 program expansion or operations and maintenance, the legislature may not authorize the new facility unless it
4 also appropriates funds for the increase in state funding for program expansion and operations and
5 maintenance.

6 (2) (a) To the extent allowed by law, at the end of each fiscal year following approval of a new
7 facility but prior to receipt of its certificate of occupancy or acquisition, the appropriation made pursuant to
8 subsection (1) reverts to its originating fund. The appropriation is not subject to the provisions of 17-7-304.

9 (b) When a certificate of occupancy or acquisition for a new facility is received prior to the end of
10 the fiscal year, the amount of the appropriation made pursuant to subsection (1) that reverts to its originating
11 fund is the prorated amount from the beginning of the fiscal year to the date of the receipt of the certificate of
12 occupancy."

13
14 **Section 14.** Section 17-7-223, MCA, is amended to read:

15 **"17-7-223. Major repair -- submission of list to legislature -- priorities.** (1) By November 15 of the
16 year preceding a regular legislative session, the division shall, on behalf of all state agencies, submit a list of
17 anticipated major repair projects to the governor. The governor shall review the list of anticipated long-range
18 building program-eligible major repair projects recommended by the division and submit it to the legislature.

19 (2) The division shall ensure that the list identifies:

20 (a) single projects that cost more than ~~\$150,000~~ \$300,000;

21 (b) multiple projects within a single building or facility that collectively cost more than ~~\$150,000~~
22 \$300,000; and

23 (c) single projects that will be constructed in phases with an aggregate cost of more than ~~\$150,000~~
24 \$300,000.

25 (3) Unless otherwise directed by the legislature, the division shall execute major repair projects
26 from the prioritized list submitted to the legislature up to the level of appropriation made by the legislature.

27 (4) In prioritizing major repair projects, the division shall consider the results of the statewide
28 facility inventory and condition assessment prepared pursuant to 17-7-202.

(5) In prioritizing major repair projects, the division shall allocate at least 80% of the funds that the legislature appropriates for major repair to:

(a) projects that address:

(i) any issue that impacts health and safety;

(ii) failing building envelopes;

(iii) structural deficiencies;

(iv) energy, utility, or water savings;

(b) projects that upgrade, repair, or replace:

(i) mechanical, plumbing, or control systems;

(ii) electrical systems;

(iii) fixed equipment;

(iv) an essential building component; or

(v) infrastructure, including a utility tunnel, water line, gas line, sewer line, roof, parking lot, or road;

or

(c) projects that demolish and replace an existing building or facility that is in extensive disrepair and cannot be fixed by repair or maintenance.

(6) In prioritizing major repair projects, the division shall allocate no more than 20% of the funds that the legislature appropriates for major repair to:

(a) remodeling and aesthetic upgrades to meet programmatic needs; or

(b) construct an addition to an existing building or facility."

Section 15. Section 3, Chapter 763, Laws of 2023, is amended to read:

The portion of section 3(1), Chapter 763, Laws of 2023, appropriating money from the capital development account to the department of administration for the indicated capital project is amended to read:
